

# Böttcherin 100

## Premium Water Miscible Roller and Blanket Wash

### Uses

Roller and blanket wash for sheetfed, web and newspaper presses. Suitable for manual application or for use in automatic roller and blanket cleaning units.

### Characteristics

- based on aliphatic hydrocarbons
- aromatic free
- flash point >230°F (110° C)
- water miscible
- good wetting of blanket and roller surfaces
- contains corrosion inhibitor
- leaves no residue when rinsed with water
- slow evaporation

### Application

Follow the automatic washing system manufacturer's operating instructions. Match automatic system parameters to properties of Böttcherin 100.

If manual cleaning with a hand rag, wear protective gloves during application. Follow all press safety procedures. Böttcherin 100 is used undiluted when manual cleaning. Rinse with water.

### Approvals

Böttcherin 100 is approved by MAN, Heidelberg, KBA, Oxy-Dri, Baldwin and WIFAG for use in their machines. FOGRA certified.
