

# Böttcherin 6003

## Premium Water Miscible Roller and Blanket Wash

### Uses

Roller and blanket wash for web and sheetfed presses. Particularly suitable for automatic roller and blanket cleaning units in sheetfed printing.

### Characteristics

- based on aliphatic hydrocarbons, aromatic free
- flash point >145°F (60°C)
- water miscible
- very efficient wetting of blanket and roller surfaces
- contains corrosion inhibitor
- leaves no residue, rinse with water
- slow evaporation
- excellent draining behavior in the lines and reservoirs of blanket washing units
- reduces need to clean washing units

### Application

Follow the automatic washing system manufacturer's operating instructions. If manual cleaning with a hand rag, wear protective gloves during application. Follow all press safety procedures. Böttcherin 6003 is used undiluted when manual cleaning. Rinse with water.

### Approvals

Böttcherin 6003 is Fogra approved. Böttcherin 6003 is approved by MAN, Heidelberg and KBA for use in their machines.
