

Böttcher Small Press Wash

Fast Drying Roller and Blanket Wash

Uses

Böttcher Small Press Wash is a washing agent for cleaning rubber rollers, printing blankets and printing plates. This wash was designed for smaller sheetfed presses where a very fast drying wash is preferred. It is suitable for manual cleaning and for use in some automatic systems (check manufacturer's requirements).

Characteristics

- Carefully selected solvents protect rubber compounds against shrinking and swelling
- Contains no chlorinated solvents
- Safe for conventional NBR rubber rollers and blankets
- Non-water miscible
- Flashpoint 65° F
- Leaves no residue
- Fast drying, ideal for small press formats

Application

Follow the automatic washing systems manufacturers' operating instructions and requirements. Follow all equipment manufacturers' safety procedures. If manual cleaning with a hand rag, wear protective gloves during application. Böttcher Small Press Wash is used undiluted. Rinse with water.

We recommend matching the parameters of the washing unit to Böttcher Small Press Wash. Make program adjustments as needed.
